After School Care: Children Pick-up Procedures:

- ✚ Children are picked up from school or brought by the school bus to the center.
- ✚ Roll call is taken to identify the children who are enrolled in after-school care at the center.
- ✚ **Parents are asked to notify the center Director or her staff if a child will not be at the center on a specified day.**
- ✚ If a child is not available for pick up or is absent from the group to be picked up at school or from the bus, the teacher supervising the group at pick up time, calls the center to see if the parent of the child had called to say that the child should not be picked up on that day.
- ✚ **If the parent had not notified the child care center about the child's absence, then the center and/or the teacher will contact the designated parent of the child to let them know that the child was not available for pick up.**
- ✚ The bus or the center will not be satisfied, or leave the school, until the location and the safety of the child has been determined.
